

**Pascuzzo & Pate Golf Design**  
*Design Renovation Consultation*

October 23, 2009

It is with great pleasure that I am able to write this recommendation about Tony Cunzio and his company, United GLI.

United GLI provided golf course construction services for The Challenge Course at Monarch Dunes which was designed by our firm. This was a complex project involving residential and commercial development along with the golf course. The project required an entire team of specialized contractors that had to coordinate their work to meet the demanding project schedule.

While many contractors possess the technical skills to build a golf course, I believe what distinguished the best is their desire and willingness to work with the architect to make the designer's vision a reality. Tony and his staff did an outstanding job of understanding the type of course we wanted and they made a number of excellent suggestions on how best to achieve it. I felt like I had a true partner in the project. United GLI excelled in all aspects of their work and as a result, the project has been very well received by the players and continues to build a strong reputation.

I look forward to working with United GLI on future projects.

Sincerely,

Damian Pascuzzo, ASGCA
